Notice to Parents/Guardians of Eligibility Determination

The principal or designee shall provide written notice to all parents/guardians, or to students if 18 or older, of the eligibility determination. The notice should also explain how a parent/guardian or eligible student may challenge this determination.

Permanent Record

Once eligibility levels are determined, the district will record the level of eligibility on each qualifying student's permanent record. No notation should be made for those students who are not eligible for a scholarship award.

Annual Transmittal of Records

No later than July 15 of each year, the district will transmit an electronic version of each graduating student's permanent record that describes the student's eligibility for the Alaska Performance Scholarship Program. This is a mandatory reporting obligation and parents/students may not opt out of this disclosure.

Appeal Procedures

The district provides the following appeal process for students who believe an error has been made regarding a student's eligibility for an Alaska Performance Scholarship. A student can request that the district review the determination of whether or not he or she is eligible or, if eligible, the level of scholarship available.

Appeal Form

To request an appeal, a student must complete the Alaska Performance Scholarship Appeal Form for Public School Students. [E 5128] The form requires:

1. Name, mailing address, and contact information;
2. Eligibility information in the form of official examination scores and an official transcript indicating courses taken and GPA;
3. A statement explaining why the student believes the eligibility determination is in error; and
4. All documents, papers, or other materials that support a reversal or modification of the eligibility determination.

Students who have questions about the form or require assistance should contact a counselor or principal at the student's high school.

Students must complete the Appeal Form and provide supporting documents as soon as possible after receiving notice of his or her eligibility determination. No appeals will be considered unless submitted within thirty (30) days of receiving the district's eligibility determination, absent unusual circumstances that prevented a timely appeal.

Appeal Process

1. Student submits the completed Appeal Form and supporting documentation to the Director of Academics.
2. The district will designate a reviewer to review and decide the appeal.
3. The reviewer will consider all information submitted and issue a determination of whether or not the student meets scholarship eligibility, and if eligible, the student's level of eligibility.
4. The reviewer's determination is the final decision of the district.
5. Notice of the district's decision will be sent to the student no later than thirty (30) days after the student submits a timely appeal.
6. If the reviewer determines that scholarship eligibility was incorrect, the district will notify the Alaska Performance Scholarship Program of the correct eligibility determination and revise the student's transcript to correctly identify APS eligibility.

Extension of Scholarship Eligibility

The district should notify appropriate students about the availability of a scholarship eligibility extension that may be granted by the Alaska Commissioner of Education. Upon request, the Commissioner may grant a student who has previously been determined eligible for a scholarship under APS, a scholarship eligibility extension. Such an extension allows a student to remain eligible for a scholarship for longer than six years after the date of the student's graduation from high school.

To qualify for an extension of scholarship eligibility, a student must:

1. Submit a written request to the Commissioner no later than 30 days before the student's period of scholarship eligibility under 14.43.825(b) is set to expire; and
2. Submit with the request a signed statement from the institution of higher learning in which the student is admitted or enrolled attesting that the student has experienced or is experiencing an enrollment delay due to the availability of coursework required by the degree program the student is pursuing, and that the enrollment delay is beyond the student's control.
