

## **BP 5141.3 HEALTH EXAMINATIONS**

The School Board recognizes the importance of periodic health examinations. To determine the health status of students, facilitate the removal of handicaps to learning, and determine whether special adaptations of the school program may be necessary, the School Board shall require vision and hearing screening examinations upon entry into school or as soon as practical.

All personnel employed to examine students shall exercise proper care of each student being examined and shall ensure that the examination results are kept confidential.

The district will annually notify parents of physical exams or screenings of students, except for routine vision, hearing, or scoliosis screenings.
