

BP 5148 CHILD CARE

The School Board recognizes that childcare and supervision are a necessity for many working families. The Board is deeply concerned about our community's need for childcare.

As part of our efforts to ensure the well-being of the community's children, the district shall work cooperatively with public and private agencies to provide childcare alternatives to the community. Besides serving community needs, the Board anticipates that these alternatives will generate increased parental involvement and support for the schools.

The Superintendent or designee shall identify locations both at operating and future facilities where day care programs might be placed without adverse impact on the district instructional program.
