

## **BP 6145 EXTRACURRICULAR AND COCURRICULAR ACTIVITIES**

The School Board recognizes that extracurricular and cocurricular activities enrich the educational and social development and experiences of students and shall annually adopt a plan for student participation in extra/cocurricular activities which does not compromise the integrity and purpose of the educational program.

(cf. 5131.63 - Performance Enhancing Drugs)

(cf. 6153 - School-sponsored Trips) Eligibility Requirements

In order to participate in extra/cocurricular activities, students in grades 7 through 12 must demonstrate satisfactory educational progress in meeting the requirements for graduation.

(cf. 6146.1 - High School Graduation Requirements)

The Superintendent or designee may exempt from eligibility requirements extra/cocurricular activities or programs which are offered primarily for the student's academic or educational achievement.

To encourage and support academic excellence, the School Board requires students in grades 7 through 12 to earn a minimum 2.0 or "C" grade point average on a 4.0 scale in order to participate in extra/cocurricular activities.

Students with any "F" grades must also maintain minimum progress towards graduation in order to meet eligibility requirements.

The School Board desires to balance the academic needs of students with the benefits they receive from participating in school activities. The Superintendent or designee may grant ineligible students a probation period of not more than one semester. In implementing this policy, the Superintendent or designee shall help ineligible students regain eligibility.

The Superintendent or designee may revoke a student's eligibility for participation in extra/cocurricular activities when a student's poor citizenship is serious enough to warrant loss of this privilege.

(cf. 5144 - Discipline)

(cf. 6145.2 - Interscholastic Competition)

The Superintendent or designee shall facilitate the opportunity for transitioning military children's participation in extracurricular and cocurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

(cf. 5119 - Children of Military Families)

### **Participation By Students Enrolled in Alternative Education Programs**

The School Board welcomes the participation in extracurricular activities of eligible students who are enrolled full time in alternative education programs. Participation is

available to those students who would be permitted to enroll in the district based on the residency of the student's parent or legal guardian. Students must meet the same eligibility requirements for participation in the activity as district students, and must provide all documentation required to confirm eligibility. Participation is available in those interscholastic activities sanctioned by the Alaska School Activities Association that occur outside the regular curriculum. Participation is not available in student government at a school.

The alternative education program in which a student is enrolled must be located entirely in Alaska and must be a public secondary school that provides a nontraditional education program, including the Alaska Military Youth Academy; a public vocational, remedial, or theme-based program; an accredited home school program; a charter school; or a statewide correspondence school.

The Board recognizes that good cause may exist for a student to participate in district extracurricular activities even if the student's parent or guardian does not reside within the district. Students who attend an alternative education program full time and who otherwise meet the eligibility requirements for the extracurricular activity(ies) may apply to the district for participation despite the lack of residency. Such a request must be submitted to the superintendent or designee with a written explanation of the good cause that exists. Eligibility in this situation must be approved by the Board. Unless the parent or eligible student's presence is requested at a meeting of the Board, the Board's decision will be based upon the written request submitted, including any recommendation by the superintendent or designee. Board approval will be effective for the school year in which the student applies and may be renewed annually if the good cause continues to exist.
