BP 9200 BOARD MEMBERS

Limits of Board Members Authority

The School Board has broad but clearly limited powers. The exercise of its authority is restricted to the functions required or permitted by law, and then only when it acts in a legally constituted meeting. Board members have authority only in regularly called meetings of the Board, or when delegated specific tasks by Board action.

The Board is the unit of authority. The Board member is a part of the governing body which represents and acts for the community as a whole. Apart from the normal function as part of the unit, the Board member has no individual authority. No individual member of the Board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor, as an individual, command the services of any school employee. Individually, the Board member may not commit the district to any policy, act or expenditure.

School visits by Board members are encouraged. Principals should receive a courtesy call in advance of a visit. Board members, as with all visitors, must check in with the school office.

Board members who visit schools of their own volition have no more authority than any other citizen.

(cf. 1250 - Visits to the Schools)

Board Member Requests for Information

Board members should make informed decisions on matters before them for a vote. The Superintendent or designee is responsible for providing the Board with relevant materials to inform the Board on those matters on which it is to act. If Board members desire further information, a request for information shall be directed to the Superintendent, pursuant to the following guidelines:

1. Requests for simple facts. Any Board member may make a request for simple facts to the Superintendent who will forward the request to the appropriate staff member. All responses to requests for simple facts will be provided to the requesting Board member, and copied to the Board President.
2. Requests for reports, research, administrative studies, detailed information, or for information relating to a problem or a potential problem in the District. Some information requests require significant administrative time and explanation to provide the requested response. Individual Board members shall submit such requests to the full Board for consideration. Upon [concurrence of the other board members/majority request of the Board], the request shall then be forwarded to the Superintendent for response.

3. Complaints regarding personnel. Board members may have their own complaints regarding District personnel or may hear such complaints from the community. These concerns should be privately communicated to the Superintendent.

(cf. 6162.8 - Research)

(cf. 9322 - Agenda/Meeting Materials)

Obligations of Members

Members of the Board must endeavor to attend all meetings, study all materials presented with the agenda prior to attending the meeting, participate in the discussion of any items which come before the Board, and vote on all motions and resolutions, abstaining only for compelling reasons. If no compelling reason requires abstention, members of the Board shall not abstain.

The Board member should not subordinate the education of children and youth to any partisan principle, group interest, or the member's own personal interest.

The Board member should be prepared and willing to devote a sufficient amount of time to the study of the problems of education in the district, the state, and the nation in order to interpret them to the people of the district.

The School Board and the Superintendent or designee shall help each newly elected member to understand the School Board's commitment to board standards, district operations and the School Board's functions, policies and procedures as soon after election as possible. Incoming members are encouraged to read the School Board's policies and informational materials on the function of the School Board and the school district, to visit school facilities, and to meet with the Superintendent or designee and School Board president, as needed to become oriented to School Board service.

BP 9240 BOARD DEVELOPMENT

The public entrusts the School Board with the governance of its schools. The School Board recognizes that in order to live up to that public trust they must strive to meet the board standards they have adopted for themselves. School Board members, like teachers and administrators, need in-service training to assist them in meeting those standards. As part of their job, School Board members need to participate in professional development activities that help them understand their responsibilities, stay abreast of new developments in education, and learn new ways to cope effectively with the problems they confront.

School Board members are strongly encouraged to attend at least one or more School Board development activities each year.

School Board members shall report on the development activities they attend at a regular School Board meeting as soon as possible after the School Board member's return.

Funds for School Board development and related travel shall be budgeted annually. Such activities may include state, regional, and national workshops, conferences, conventions, such as those offered by the Association of Alaska School Boards.

BP 9260 LEGAL PROTECTION

Note: For all districts, Sections 8551-8558 of the Every Student Succeeds Act are designed to provide teachers, principals and other school professionals, including board members, the tools they need to undertake reasonable actions to maintain order, discipline and an appropriate educational environment. Section 8556 limits the liability of a school employee or official for acts or omissions when he/she is acting within the scope of employment or district responsibilities and his/her actions were in conformity with federal, state and local laws in an effort to control, discipline, expel or suspend, or maintain order or control in the classroom or school.

Limitations on liability do not apply when the officer or employee: (1) acted with willful or criminal misconduct, gross negligence, recklessness or a conscious or flagrant indifference to the harmed student's right to safety; (2) caused harm by operating a motor vehicle; (3) violated a federal or state civil right law (e.g., sexual harassment, discrimination, IDEA claims); (4) was convicted of a sexual offense, crime of violence or act of terrorism; or (5) was under the influence of alcohol or drugs.

If a civil action is brought against the employee or officer, and the laws' conditions are satisfied, Sections 8556 and 8557 limit the amount of the employee's/officer's liability to a formula based on the percentage of responsibility for the harm, and also limits punitive damages.

The School Board shall provide insurance necessary to protect Board members, officers, and employees from any judgment resulting from suits brought against them alleging their liability while acting within the scope of their employment and/or under the direction of the Board. The insurance shall cover claims in such matters as civil rights actions, negligence, or other act resulting in accidental injury to any person or property damage in or out of the school buildings (cf. 3530 - Risk Management)

BP 9270 CONFLICT OF INTEREST

In order to instill public confidence in public office and provide public accountability, School Board members shall disclose and avoid conflicts of interest involving any matter pending before the School Board. A conflict of interest exists when a member has a personal or financial interest on a matter coming before the Board that could render the member unable to devote complete loyalty and singleness of purpose to the public interest. School Board members owe the public a duty to act in the best interests of the district.

Decision making. The Board recognizes that when no conflict of interest requires abstention and/or recusal, its members must vote on issues before the Board. If a board member or their family member may benefit personally or financially from a Board decision, that board member must provide full disclosure of the conflict or potential conflict of interest to the Board. The Board, without that member's participation, will then approve or disapprove of the member's deliberations and voting on the issue. If the Board determines a conflict of interest prohibits participation, the member shall recuse themselves and abstain from deliberations and voting.

Appearance of impropriety. When a situation may create the appearance of impropriety, even where state and federal laws do not require any action, the board member shall fully disclose the circumstances. The Board, without that member's participation, will then approve or disapprove of the member's deliberations and voting.

Board members who have an actual or potential conflict of interest requiring disclosure shall not seek to influence the decisions of staff or other board members on the underlying matter, or on the member's participation in the matter.

Other duties. School Board members are expected to avoid conflicts of interest in their other duties. This includes:

1. Confidential information. School Board members shall not disclose or use confidential information acquired during the performance of official duties as a means to further their own personal or financial interests or the interests of a family member.
2. Gifts. School Board members shall not accept a gift or economic benefit that would tend to improperly influence a reasonable person or where board members know or should know the gift is offered for the purpose of influencing or rewarding official action.
3. Business dealings with staff. School Board members shall not engage in

financial transactions for private business purposes with district staff whom board members directly or indirectly supervise.

4. Compensation for services. School Board members shall not receive any compensation for services rendered to the district from any source, except compensation for serving on the School Board and reimbursement of expenses incurred as a board member, as allowed by policy and law.

Other legal obligations. School Board members shall comply with state and federal laws pertaining to conflicts of interest. Nothing in this policy restricts or affects board members' duties to comply with those laws.

BP 9271 CODE OF ETHICS

This code of ethics expresses the personal ideals which the School Board believes should guide each School Board member's activities.

In all actions as a School Board member, the member's first commitment is to the well-being of our youth. His/her primary responsibility is to every student in the district.

School Board members also have other major commitments to:

1. **The Community.** Each School Board member is responsible to all residents of the district and not solely to those who elected him/her; nor solely to any organization to which he/she may belong, or which may have supported his/her election.
2. **Individuals.** Each School Board member has a direct concern for every individual in the community. As an integral part of his/her duties, he/she represents the authority and responsibility of government. This authority must be exercised with as much care and concern for the least influential as for the most influential member of the community.
3. **Employees.** The School Board member's actions may affect the capability of district employees to practice their trade or profession and should encourage their increasing competence and professional growth.
4. **Laws, Policies.** Each School Board member must be aware of, and comply with, the constitutions of State and Nation, the Alaska Education Statutes, other laws pertaining to public education, and the established policies of the district.
5. **Decision making.** Each School Board member is obliged by law to participate in decisions pertaining to education in the district. As an elected representative of the people, the School Board member can neither relinquish nor delegate this responsibility to any other individual or group.
6. **Individual Feelings and Philosophy.** Every individual School Board member has something to contribute to society.

Understanding and acting upon the foregoing premises, each School Board member shall:

1. Consider his/her position on the School Board as a public trust and not use it for private advantage or personal gain.
2. Be constantly aware that he/she has no legal authority except when acting as a member of the School Board. School Board members shall present their concerns and concepts through the process of School Board debate. If in the minority of any decision, they shall abide by and support the majority decision. When in the majority, they shall respect divergent opinions.
3. Encourage ideas and opinions from the residents of the district and endeavor to

incorporate community views into the deliberations and decisions of the School Board.

4. Devote sufficient time, thought, and study to proposed actions so as to be able to base decisions upon all available facts and vote in accordance with honest convictions, unswayed by partisan bias of any kind.
5. Remember that the basic functions of the School Board are to establish the policies by which district schools are administered and to select the Superintendent or designee and staff who will implement those policies.
6. Promote and participate actively in a concerted program of timely exchange of information with all district residents, parents, employees and students.
7. Recognize that the deliberations of the School Board in executive session may be released or discussed in public only with School Board approval.
8. Make use of opportunities to enlarge his/her potential as a School Board member through participation in educational conferences, workshops and training sessions made available by local, state and national agencies.

In governing the district, the School Board has pledged to consider the will and needs of the community. The district's policy manual is developed, distributed and maintained for the purpose of communicating to interested parties the policies, regulations and bylaws within which our schools will operate.

The School Board desires that the community and district employees have access to the policy manual. The School Board welcomes suggestions from the public regarding its adopted policies and regulations. A public copy of the manual shall be maintained in the district central office. Districts publishing policies online shall provide access to policies at each school and at the district office.

Districts with no online access will maintain a policy manual at each school site so that it may be examined by students, staff and other interested parties during normal business hours.

(cf. 1340 - Access to District Records)

The Superintendent or designee shall provide access to copies of the district policy manual to School Board members, central office administrators, principals, recognized employee organizations, and other key district personnel.

As necessary, the district shall develop or revise policies and regulations in order to reflect new legislation and changing community views. The Superintendent or designee shall maintain procedures for distributing to all authorized manual holders copies of new or revised policies, bylaws and regulations after adoption. BP 9311 SCHOOL BOARD POLICIES

The School Board recognizes that its most important function is to establish policies which communicate its direction for the management and control of the schools. Policies are written statements adopted by the School Board which communicate the guidelines and limits within which the Superintendent or designee and staff may take discretionary action.

(cf. 2210 - Administrative Leeway in Absence of School Board Policy)

The School Board encourages members of the community to contribute information and opinions for the School Board's consideration and propose revisions to policy.

The adoption of policy shall conform with School Board bylaws governing agenda, meetings, and voting. Only those written statements adopted and recorded in the minutes shall constitute official School Board policy.

Prior to adoption, policies shall normally be given two readings by the School Board. At its second reading, the policy may be adopted by a majority vote of all members of the School Board. The School Board may waive the second reading or may require additional readings.

In addition to presenting drafts or suggestions for new policy and policy revisions when changes in law occur or when a specific need arises, the Superintendent or designee, shall maintain procedures for the continuous orderly review of existing policies at a time allocated for this purpose on the agenda of regular School Board meetings. When policies are amended, the Superintendent or designee shall review corresponding administrative regulations to ensure that they conform to the intent of the revised policy.

When drafting or revising School Board policies which affect other governmental agencies or areas of common interest, the Superintendent or designee shall seek input from these agencies and shall express the School Board's desire to cooperate with them in addressing matters of mutual concern.

Meetings of the School Board are conducted for the purpose of accomplishing district business. A meeting of the School Board shall consist of any gathering of the members of the School Board when more than three members of the School Board, or a majority of the members, whichever is less, are present and collectively consider a matter upon which the School Board is empowered to act. As a matter of district policy and state law, meetings ordinarily shall be open to the public. The School Board may meet in closed sessions only to discuss certain matters as permitted or required by Alaska's Open Meetings Act.

(cf. 9321 Executive Sessions)

Reasonable public notice shall be given for all meetings of the School Board in accordance with law and district practice, and shall be posted at all regular district and school sites before the meeting. Such notice shall include the date, time and place of the meeting and, if the meeting is by teleconference, the location of any teleconferencing facilities that will be used. Public meetings may not be held in a private home or private business.

(cf. 9012 - Communications To and From the School Board) (cf. 9322 - Agenda/Meeting Materials)

(cf. 9323 - Conduct of Meetings)

Regular Meetings

The School Board shall adopt a yearly calendar specifying the date, time and place of each regular meeting. The local media shall be provided with the annual calendar of regular School Board meetings and shall be notified of any changes to the calendar.

The School Board shall hold monthly regular meetings each month. Unless changed by the School Board, regular meetings shall be held at 5 p.m. at the YFSD District Office or other location determined by the board during a prior meeting. Notice of regular meetings shall be posted at least five (5) days prior to the meeting.

Special Meetings

Special meetings of the School Board may be called by the presiding officer or a majority of the School Board members.

Except in the case of an emergency, notice of special meetings shall be provided at least 24 hours before the meeting. This notice shall specify the date, time, place and, if the meeting is by teleconference, the location of any teleconferencing facilities that will be used. Such notice shall be given to all School Board members,

the superintendent and to the local news media. This notice also shall be posted at all regular district and school sites at least 24 hours before the meeting.

Emergency Special Meetings

The School Board president or designee shall give notice of an emergency special meeting to the local media by telephone before the meeting. If telephone services are not functioning, the notice requirement is waived. In that event, as soon after the meeting as is practicable, the School Board shall notify the local media that the meeting was held and shall describe the purpose of the meeting and any action taken by the School Board.

Teleconferences

Recognizing the inherent responsibility and statutory duties of School Board members, the School Board strongly encourages School Board members to attend and participate at meetings of the School Board. Construction of Agenda

The School Board president and the Superintendent shall prepare an agenda for each meeting of the School Board.

(cf. 9121 - School Board President)

School Board members may place any item on the agenda no later than five days before the scheduled meeting date.

All agendas shall include the meeting time and place and a description of each business item to be transacted or discussed. All agendas shall be posted for public review prior to the meeting.

(cf. 9320 - Meetings)

Any member of the public may request that a matter within the jurisdiction of the School Board be placed on the agenda of a regular meeting. The request must be in writing and submitted to the Superintendent with supporting documents and information, if any, at least ten working days before the scheduled meeting date.

When constructing the agenda, the School Board president and Superintendent will decide whether a request is within the subject matter jurisdiction of the School Board and whether the agenda item is appropriate for discussion in open or executive session.

The School Board shall also give members of the public the opportunity to testify at regular meetings on matters which are not on the agenda but which are within the subject matter jurisdiction of the School Board. An agenda item for such input shall be included on School Board agendas. The School Board shall not take action on such matters at that meeting.

Parliamentary Procedure

School Board meetings shall be conducted by the president in a manner consistent with adopted School Board bylaws and generally accepted parliamentary procedures.

Quorum

A majority of the number of filled positions on the School Board constitutes a quorum.

Unless otherwise provided by law, affirmative votes by a majority of the School Board's membership are required to approve any action under consideration, regardless of the number of members present.

Abstentions

The School Board recognizes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them. When a member abstains because of a conflict of interest or for any other reason, his/her abstention shall be considered to concur with the action taken by the majority of those who vote, whether affirmatively or negatively.

(cf. 9270 - Conflict of Interest)

Public Participation

Because the School Board has a responsibility to conduct district business in an orderly and efficient way, the following procedures shall regulate public presentations to the School Board.

1. The School Board shall give members of the public an opportunity to address the School Board either before or during the School Board's consideration of each agenda item.
2. At a time so designated on the agenda, members of the public also may bring before the School Board matters that are not listed on the agenda of a regular meeting. The School Board may refer such a matter to the Superintendent or designee or take it under advisement. The matter may be placed on the agenda of a subsequent meeting for action or discussion by the School Board.

3. A person wishing to be heard by the School Board shall first be recognized by the president. He/she shall then identify himself/herself and proceed to comment as briefly as the subject permits.
4. Individual speakers will be allowed 3 minutes to address the School Board. The School Board shall limit the total time for each agenda item to 30 minutes.
5. With School Board consent, the president may modify the time allowed for public presentation or may rule on the appropriateness of a topic. If the topic would be more suitably addressed at a later time, the president may indicate the time and place when it should be presented.
6. No oral presentation shall include charges or complaints against any employee of the School Board, including the Superintendent, regardless of whether or not the employee is identified by name or by another reference which tends to identify. Charges or complaints against employees must be submitted to the School Board under the provisions of School Board policy and administrative regulations related to such complaints.

(cf. 1312.1 - Complaints Concerning School Personnel) (cf. 9312 - Executive Sessions)

7. No disturbance or willful interruption of any School Board meeting shall be permitted. Persistence, by an individual or group, shall be grounds for the chair to terminate the privilege of addressing the meeting. The School Board may remove disruptive individuals and order the room cleared if necessary.

Adjournment

Regular School Board meetings shall be adjourned at 7 pm unless extended to a time certain by a majority of the School Board. The meeting shall be extended no more than once and may be recessed to a later time.

BP 9400 BOARD SELF-EVALUATION

Effective, efficient and ethical School Board operations are an integral part of creating a successful educational program. In order to measure progress towards meeting board standards and its stated goals and objectives, the School Board will annually schedule a time and place at which all its members may participate in a formal self-evaluation.

The School Board shall be evaluated as a whole and not as individuals. The evaluation will focus on the internal operations and performance of the School Board. The School Board members shall develop goals and objectives against which the School Board will be evaluated. A self-evaluation instrument will be based on these goals and objectives and not on goals set for the district.

Each School Board member will complete the self-evaluation instrument independently. The ensuing evaluation will be based on the resulting composite picture of School Board strengths and weaknesses. The School Board will discuss the tabulated results as a group.

The evaluation process should include the establishment of strategies for improving School Board performance. Revised priorities and new goals will be set for the year's evaluation.

The School Board may invite the Superintendent or designee or others to participate in the evaluation and suggest specific criteria to measure School Board success in meeting board standards, goals and objectives as a governing body.

The School Board recognizes that adequate opportunities for School Board member orientation and inservice are an essential component of conducting meaningful self-evaluation. The evaluation process shall include suggestions for continued School Board member development.
