

## BP 6146.1 HIGH SCHOOL GRADUATION REQUIREMENTS

**Note:** Transfer students who have earned 13 unit credits in another district may at the district's discretion be excused from the district's subject area units-of-credit requirements. 4 AAC 06.075.

**Note:** The following sample policy reflects the minimum graduation requirements specified in 4 AAC 06.075 and should be revised to reflect district philosophy and needs. Unless otherwise stated in a student's IEP, the district shall require all students in grade 11, and all students in grade 12 who have not previously done so to take a college and career readiness assessment described in 4 AAC 06.717. However failure to take one of these assessments shall not be grounds for withholding a diploma from an otherwise qualified student. At the request of a student the district shall retroactively issue a high school diploma to a student who did not receive one because of failure to pass all or a portion of the previously required High School Graduation Qualifying Exam and instead received a certificate of achievement □ provided the person takes a college and career readiness assessment. AS 14.03.075. A person may satisfy the assessment pursuant to the regulations in 4 AAC 06.718. The district is to mail a notice of this option to each such student who qualifies for a diploma to the student's last known address.

The School Board intends that all District students graduate high school ready for college or a career. The Superintendent or designee shall prepare for School Board approval a plan consisting of district graduation requirements. Students shall receive diplomas of graduation from high school only after meeting the following district graduation requirements, as well as taking a college and career readiness assessment or receiving a waiver from the School Board.

Subject	Units of Credit
